3	Suggesting re-election as Director	Director

My professional background is that I have been working for Handelsbanken for 30 years. Most of the time I have been working with supporting large and SME's in many different industries in different locations. In Sweden I worked with companies in the City center but also with companies in smaller towns outside Stockholm. Out from Linköping I experienced working with companies in the eastern part of Sweden from Kalmar in the south to Nyköping in the north. During my 6 years in New York I covered Swedish companies with presence in the whole US. Currently I am supporting Swedish companies with presence in Greater China. I believe that I have gained a lot of experience and knowledge of opportunities and challenges for companies in an international environment that I gladly would share with the members of the Swedish Chamber of Commerce in China.

Expert på kinesisk kultur när det kommer både till affärsverksamhet i koppling med bolagstyrning och förbättring av resultat i både stora och små internationella bolag. Talar och skriver flytande på kinesiska – Kinesiska var jobbspråket i inre mongoliet när jag utvecklade ett kinesiskt JV via tyskland då JV local management inte kunde engelska. Har jobbat runt om i hela Kina inte bara i de fina städerna som Shanghai eller Peking, jobbat ständigt med olika myndighets organ i diverse provinser.

1	Suggesting re-election as Director	Director

My name is Anna Löfstedt and I am working as Director and Head of Treasury China for Volvo Cars in Shanghai. I have been living in Shanghai since April 2016 and inherited from a colleague, a seat in the Shanghai Chapter of the Swedish Chamber of Commerce in August 2016.

I see that the Chamber has an important role to be the link between different companies and organisations and create fruitful networks.

I would like to bring with me the experience from sitting in the Shanghai Chapter into the mainboard. I see that I could be “the voice” of the members from Shanghai and contribute to the development of the Swedish Chamber of Commerce in China.

Working and living in Asia for more than 15 years (Close to 5 years in China) and more than 10 years of experience as a Managing Director for different subsidiaries. My more than 10 years of experience as a board member in various roles has given me great insights in corporate governance. I have always had a great interest in sharing my experiences promoting China and Asia to individuals as well as organizations and I have had the opportunity to do so at various occasions and a couple of times it has been together with the Chamber of Commerce. It is always a great opportunity to learn something new myself. My mission statement would therefore be “To support Swedish companies and individuals that want to do successful business in China”.
